

# Latitude Interfaces

## Customer Interfaces with Latitude Software

Reap the benefits of a streamlined implementation with prebuilt customer interfaces.

At Latitude Software, we pride ourselves on our ability to make each new client's implementation as easy and straight-forward as possible. To do so, our clients have access to an ever expanding library of existing customer interfaces that can be customized to meet your specific business and operational requirements.

# LATITUDE SOFTWARE

AN INTERACTIVE INTELLIGENCE COMPANY

## Vendor Interfaces with Latitude Software

*Dramatically reduce the effort required to build custom interfaces to letter, data and payment vendors.*

Latitude Fusion is made up of pre-built plug-ins to various dialer, data and payment vendors. Each plug-in is designed to be extremely flexible, easily modified and customized. Latitude Fusion provides a strong return on investment (ROI) for first party creditors and collection agencies that are dependent on these vendors.
