Interaction Supervisor™ Training Books-On-Demand

Course Overview

Course Duration: ½ Day

Interaction Supervisor Training Books-On-Demand allow you to present on-site Interaction Supervisor Training and rapidly assemble a tailored set of handouts to support the learning experience.

The topics in the Books-On-Demand Training Guide for the Supervisors provide the student with the skills necessary to successfully use basic functions of Interaction Supervisor. The student will learn how to perform basic functions through a combination of instructor-led demonstrations and hands-on labs.

With Books-On-Demand, you can completely customize the training materials. If you don't need to train on a particular feature, that piece can be excluded from the book and the Table of Contents. Each time you use the materials, you can customize them to fit your current needs.

Note: The Books-On-Demand are valid for the current version only. Newer versions of Books-On-Demand must be purchased separately.

Intended Students

This is a non-technical class, and is recommended for those person(s) in the role of:

- **Trainer:** Responsible for providing Interaction Client Business user, Agent, or Supervisor training and written training materials.
- **Supervisors:** Supervisors using the basic functions of the Interaction Supervisor.

Course Objectives

This course prepares the student to:

- Perform Supervisory functions for agents and workgroups
- Assist agents on calls
- Monitor agents and workgroups
- Set Alerts for specific conditions

Course Agenda

The topics for Interaction Supervisor can be presented separately based on the needs of your users.

- Interaction Supervisor Overview
- Supervisory Buttons
- Agent Detail View
- Workgroup Detail View
