IC Administration for Operations

Class Overview

Course Duration: 5 days (Mon – Thurs 8:30am – 5:00pm, Fri 8:30am – 2:00pm)

This course focuses on the development of strategic configurations of users/workgroups/roles to meet profitability objectives. Attendees will be taken through each sub-component of the Interaction Administrator® People Container to explore all configuration options available. The focus will be placed on setting appropriate user permissions to ensure resource availability to specific skill-sets. Students will explore IC's powerful ACD/Skills Based Routing engine, as well as configure Interaction Attendant® profiles, schedules, menus, and operations, for both phone and email interaction routing.

Material will also focus on Response Management, Client Configuration, Interaction Supervisor® Monitoring and Reporting.

The last day of class will be devoted to skills assessment in which students configure settings in Interaction Administrator based on a scenario that applies aspects of all class and lab material.

Intended Students

This is an Operational class. This class is recommended for the person(s) who fills the role of:

- IC System Administrator
